

Eastern Deanery Report

June 2026

President Michelle Stratton

Updates since convention

St. James the Greater

15 women attended the convention that won them throw down challenge, the most traveled miles and 2nd place for affiliate of the year. It was a pleasure to help hosted the convention. We participated in the annual church spring cleanup day, and officers attended the Spring Assembly Meeting via zoom. We did a yard sale, and the proceeds were split between a mission church, CCW and the parish. We have planned to get together each month and pray the rosary inviting all that want to participate. We will be hosting a Father's Day breakfast, and The Feast of St. James is July 25th we look forward to celebrating it. We had our last meeting in May and all the ladies that attended brought finger foods and ate while we had a short business meeting. Cara Murray from USU came and talked to us about stress management and taking care of ourselves in our daily lives. After we made our own essential oil room spray and a roll on. Very informative for us.

St Anthony of Padua

In April, we were able to fill all the upcoming officer positions for the 2026-2028 leadership years. As an affiliate of the hosting deanery, our women put in countless hours preparing for and working, as well as attending the 97th DCCW conference. We are very thankful for the work of our small but powerful affiliate/deanery. Our year ended in May with a dinner to honor the year as well as to swear in our new officers. Jennifer Warner-President, Lenor Callor-Vice President, Carrie Robertson-Treasurer, Carol Sanches-Secretary. Although we normally break for the summer months, the actions for the upcoming year(s) are being deliberately scheduled for a rewarding year.

St. Helens

We assisted with the parishes Cat Fish dinner, this is our yearly big fundraiser for the parish. In our last meeting we participated via zoom in the 2026 WUCWO day prayer service. Upcoming we will be working with our parish council to organize our annual summer cookout at the park, as well as organizing a rummage sale to raise funds for it
