

## DCCW 1st Vice President/President Elect Report

June 9th, 2026

As I wrote my first IPP report for the Wasatch Deanery I reflected on the last 6 years since my very first Deanery meeting as an affiliate president. The feelings of being lost on the lingo and topics being discussed, the overwhelming feeling of not being smart, confident or outgoing enough to be part of this organization and to fulfill the job I had just said “yes” to! But, what blocked out and overshadowed those unsure thoughts the most was the excitement and zeal I felt on what was to come. The people I was bound to meet, the places I would go and accomplishments I would help in succeeding. And boy - have I?! In the last 6 years I have met THE best ladies, I've broken out of my once shy shell, I have been part of some amazing projects and have been touched by this ministry.

Now, looking forward with the next 6 years staring me in the face, I find myself starting to feel those same feelings of unsure and inadequacy, but I know that the Lord has placed me here for a reason, as He has with all of us, with duties and messages and a whole army of great ladies behind us, to the side of us and in front of us to meet, get to know and journey with.

I am beyond honored that I have been selected for this role. I am so excited to learn new things from everyone around me, and most importantly to gather God's women for community, service, love and mission!

Cheers to the next 6 years and beyond!
